

Dear Village of Howard City Residents:

The Village is excited to announce that beginning Sept. 1, Republic Services will begin providing trash services to your home. This change is part of the council's review of service contracts. The submitted bids provided cost savings for residents and the opportunity to begin a new recycling program.

Inside this brochure you will find a sign-up form for your household, to be submitted by Aug. 16. You will select the billing period for your home, and will receive an invoice shortly thereafter from Republic Services. Just as it is with the current contractor, the payment of services is a direct relationship between you and the service provider.

After submitting your form, you will receive a new cart on Aug. 30 or 31 when the current contractor, Granger Waste Services, removes the cart from your home. If you have a credit balance with Granger, they will be refunding it directly to you shortly after Aug. 30.

We are excited to offer a new drop-off recycling service for residents, located at the Pierson Landfill. To participate, see additional details inside.

Republic Services will continue to collect the trash from your home on Tuesday and you are encouraged to place your carts out the night prior or by 7 a.m. Tuesdays to avoid collection disruptions.

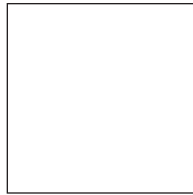

There are additional details inside this mailing. If you have questions, please call Republic Services at **877.698.7274**. You can email your question or submit your form via email to **kjohnson3@RepublicServices.com**.

Sincerely,
Michael Falcon, Village Manager

1545 W Cannonsville Rd.
Pierson MI 49339

Special Alert – New Waste Program Starting September 1, 2022

The Village of Howard City Waste Program

2022

Sustainability in Action

The Village of Howard City Waste Program

To receive a new Republic Services cart, you need to complete the form to the right and select a payment option.

Our improved service includes access to the Pierson Landfill recycling drop-off containers during normal business hours Monday-Friday for all residents who participate in the Howard City waste program. On your first visit to this facility, you must request a free access paddle or be prepared to show your ID on each visit. Using the access paddle will make the process simpler and easier.

In addition to trash and recycling services, you also have the option to purchase pre-paid bags if your trash exceeds what fits in the cart, plus the two bags allowed alongside the cart. The bags are \$3 each and can be purchased at Mattsons True Value or Pierson Landfill.

By completing this form, you are indicating your choice for billing (quarterly or annually). You will receive bills directly from Republic Services for waste collection services based on the contracted prices negotiated through the Village's bidding process.

Please complete the attached form to start your new service with Republic Services.

Note: Tuesday will stay as your collection day. Due to the Labor Day holiday, the first collection day will be delayed by one day.

Please Return Form by August 17

Cart Service, including up to two bags alongside cart. Annual payment is \$125.52.

Cart Service, including up to two bags alongside cart. Quarterly payment is \$31.88.
